**Subject:** Thank you

**Mr. Porter,**

***Just wanted to thank you and the Jade group for doing an outstanding job with the repair of our main water break. I was very happy and impressed on how such a large job was done in such a short period of time.***

***Thank you for all your help in this matter and rest assure that I will refer your company when anyone is asking for a company that stands behind their work.***

**Take care**

Best regards,
